public Govt. offices which are not liable to taxation when used for residential purposes in the interests of Govt. service as laid down in G.O. No. 5430-70/Rev 613-7 para 3 of & 10-12-07. They rather seem to be "Govt. buildings used as private residences" and are liable to municipal taxation irrespective of any distinction whatever, under G.O. Nos. Submitted for orders.

The officers referred to are provided with quarters more on the ground that they may be available for the public service whenever required than on the other grounds. In this view, the building may perhaps be said to be used solely for public purposes. Please put up draft
